DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-285
17 October 1977

MEMORANDUM FOR: Executive Secretary, NFIB

FROM:

[REDACTED]
Acting Chairman

SUBJECT: National Technical Threat Analysis Guide--Telephone
Compromise (C) Estimating Guide RD/10-76 (U)

1. (S) This memorandum forwards subject report on telephone compromise for the information of the Board. The report provides the detailed technical backup to the previously distributed report, National Technical Threat Estimates 1976-1981.

2. (S) This guide is intended to provide the basic theoretical and factual foundation necessary to make sound technical estimates of the technical surveillance threat both for normal and unusual conditions. The guide is expected to be used primarily by technical and engineering personnel in the conduct of detailed technical studies. It will also facilitate preparation of updated estimates as they become required.

3. (U) For additional copies, NFIB members should contact their representative on the DCI Security Committee's Research and Development Subcommittee or [REDACTED]

13 OCT 1977

MEMORANDUM FOR: Chairman, Security Committee

SUBJECT : National Technical Threat Estimating Guide,
Telephone Compromise (C)
Estimating Guide RD/10-76 (U)

1. (S) Attached for your use and retention is the report, National Technical Threat Estimating Guide, Telephone Compromise. This report provides the detailed technical backup to the previously distributed report, National Technical Threat Estimates 1976-1981. This technical threat estimating guide is intended to provide the basic theoretical and factual foundation necessary to make sound technical estimates of the technical surveillance threat both for normal and unusual conditions. The estimating guide is expected to be used primarily by technical and engineering personnel in the conduct of detailed technical studies. This guide will also facilitate preparation of updated technical threat estimates as they become required.

2. (S) Other on-going studies will relate this technical threat to specific intelligence service capabilities insofar as they are known. Additional copies of this report are available upon request through each member agency's representative on the Research and Development Subcommittee or from the Executive Secretary, Research and Development Subcommittee.

3. (S) You may wish to forward this report to the NFIB for noting.
